

Cipal Schaubroeck – Delivery Manager / Release Train Engineer

Where do you end up?

As a Delivery Manager/RTE at Cipal Schaubroeck, you will be part of a dynamic team dedicated to delivering digital solutions to Flemish government institutions. With more than 30 years of experience, we are the strategic partner of choice for local administrations, thanks to the combination of domain expertise and in-depth knowledge of government processes. Within Cipal Schaubroeck, there is an open, informal culture where innovation and collaboration are key.

You will have the opportunity to lead a team of experts and optimise processes, while having a direct impact on the functioning of local governments. Together, we work towards an efficient and customer-oriented future.

How can you convince us?

We are looking for a driven and results-oriented Delivery Manager/RTE with a passion for team development and process optimisation. You are an experienced professional who enjoys taking responsibility and performs strongly both autonomously and as part of a team. In addition, you are communicatively strong and know how to inspire and motivate people.

What specifically are we looking for?

- **Education and experience:** You have a master's degree or a bachelor's degree with a strong track record within IT. Experience in a leadership role is a must.
- **Leadership skills:** You actively build relationships, be a mentor to your team and support talent development.
- **Process optimisation:** You have a thorough knowledge of Agile (SAFe) and Lean methodologies and know how to use them to set up and improve efficient work processes.
- **Communication and collaboration:** You are a bridge builder who communicates effectively with different stakeholders and knows how to find your way in complex organisations.
- **Technical knowledge:** Experience in IT project management, knowledge of software development and understanding of technology trends.

Why work at Cipal Schaubroeck?

Are you looking for an exciting position within an organisation with a clear vision of the future? At Cipal Schaubroeck, you will get the opportunity to develop professionally and be part of a motivated team.

- **Attractive remuneration package:** Includes a car with fuel card, meal vouchers, hospitalisation and group insurance, and more.
- **Work-Life Balance:** Flexible working hours and hybrid working as standard.
- **Training Opportunities:** Keep developing yourself thanks to our IT Academy.

Do you want to be part of a leading player in local government?

Then apply now and discover the many opportunities at Cipa! Schaubroeck!
